Petite Mort Ethical Furs

Pamela Paquin; Founder

Wayland, MA based business Petite Mort provides certified accidental fur for one of a kind wearable art. Good taste should never be at the expense of another. All our fur is sourced inside New England from indigenous species that have met with a tragic accident. Much like organ donors and having spent their wild lives contributing to our ecosystem, they pass on a precious resource to keep us

warm, fabulous, and of clear conscious.

Each piece is hand made in Boston, individually numbered, and tailored to the owners measurements. They are monogrammed with the owners name as is befitting an heirloom investment. A percentage of each purchase goes to providing New England Wildlife with underpasses through the "critical pathways" project.

We are currently taking orders for the 2014-15 season!
